Dear Friends,

I am so very sorry that I cannot attend the Second National Conference of The Candlelighters Foundation. A more worthy cause - the conquest of cancer in children - I cannot imagine. George Bush joins me as Vice President of the United States, and more personally, as the father of Robin, a precious 3 year old who died of leukemia in 1953, in supporting The Candlelighters Foundation.

The advancement in research in the past 28 years in the treatment of leukemia alone should spur us all on to work harder. We can see the light at the end of the tunnel. Please put us down as parents dedicated to the conquest of cancer and therefore as supporters of The Candlelighters Foundation.

Warmly,

Barbara Bush
