Number of Checks: _____

Grand Total: _____

I, _____, certify that the above information is complete and correct.

Signature: _____

Frequently Asked Questions

How much does it cost to register for a PJammin® for Kids with Cancer event?

Nothing! ACCO covers the cost of all the materials and shipping. We want to support your efforts in raising awareness of childhood cancer. We simply ask that you promote your event in advance to bring your school community together for this great cause!

What materials will I receive?

You will receive a customized digital flyer, a social media guide for promotion, complimentary swag items (your choice of stickers, tattoos, or silicone bracelets), and an Early Warning Signs poster for your school clinic.

When will I receive my materials?

If you have pre-registered far in advance, a representative from ACCO will contact you a month before your event to confirm your event date and delivery address. If you registered at least 3 weeks before your event, you will receive your materials at least a week before your PJammin® Day.

What if I need to change my event date?

ACCO can accommodate changes made to an event registration date up to three weeks prior and cannot guarantee that all materials will arrive on time if less notification is given.

Why does ACCO want to know if my event is being held in honor or memory of a child?

ACCO would be honored to provide additional services for a PJammin® for Kids with Cancer event if it is being held in honor or memory of a child. We offer a variety of resources and awareness campaigns that honor these childhood cancer warriors, free of charge. Please specify in your registration so we may better serve your community.

What percent of my donations go to supporting families of childhood cancer?

100% of your donations! The children undergoing treatment are not the only ones who need help. Their families require support too: clear, comprehensible information to help them make life-saving medical decisions, emotional support to help them cope with the daily stresses caused by this disease, and resources to help them make the treatment protocols just a little bit easier for their precious child.

The American Childhood Cancer Organization offers schools and businesses easy and fun ways to support kids with cancer and raise awareness. We are hosting OUR event on (date). Has your child's school hosted an event? Visit <http://www.acco.org/pjammin/> today to find out more information!

We're excited to announce we are hosting a PJammin® for Kids with Cancer event on (date) to support The American Childhood Cancer Organization! Each year children and teens going through cancer have to wear their pajamas for long periods of time while undergoing treatment, and through ACCO's PJammin® event, we can show them they aren't alone. Students can join in on this fun event by sharing a donation to ACCO here: (insert donation page link here)

PJammin® Event information

Please reference this sheet for basic event information. If you have any specific questions about your event, please call or email:

Clarissa Simon, Program Coordinator csimon@acco.org 855-858-2226 ext. 101

GOAL SETTING

You will be assisted with creating a challenging and attainable goal for your awareness event. The size and involvement level of your school will be considered to ensure you have a successful event.

MATERIALS

The amounts of prizes, envelopes, etc. are based on the numbers you provide during registration. We can help you with a plan on how to successfully use your materials. If at any point you decide you need more or would like to structure your event differently, most adjustments can be made a week out from your event.

FLYERS

Custom digital flyers can be created for your event. These flyers can be hung up at the front office, in the classroom and around other high volume areas for all to see. The flyer will be sent to you in a PDF for personal printing.

VIDEO CHAT

Students have many tricky questions about tough issues, like cancer. A representative from ACCO can set up a video chat with your class to share information about childhood cancer and answer the tough questions for you. Technical capabilities are through Skype, Google Hangout, and GoToMeeting.

MEDIA

This video is a behind-the-scenes "sneak peek" of what we do with the money you collect at your school. For a video to show your students and staff, go to <https://www.youtube.com/watch?v=JD96-6XEIRM>

Academic Standards

Inferencing is a skill that all students need! A 25-minute animated cartoon that we give to children diagnosed with cancer can be provided. In the video, a child with cancer is seen as a hero who battles the evil cancer-dragon with the help of medications and family support. There are NO words in this video, so students will have to make several inferences to understand the storyline. Teacher and student guides are available to go along with this video as well.

PHOTOS

Our organization would love to see photos from your event, providing the photos of students are allowed to be released. We love to use these on our social media platforms and our website. If your school or class would like to be featured or linked with our organization, please let us know!

DONATIONS

A custom online donation page can be created specifically for your school. You can encourage students and families to donate through your online donation page. This is the best way to track funds! If families do not want to make an online donation, you may accept cash. **Please turn all cash donations into one money order or cashier's check from your school before sending us your donations.** All checks must be payable to "American Childhood Cancer Organization" with "PJammin" and your school/business name in the memo lines. Please discourage parents from writing personal checks. Online and cash donations are best! Tax receipts can be provided upon request.

SURVEY

Following your event, you will be sent an electronic survey as a way to provide feedback about the efficiency and experience you had hosting a PJammin® event at your school. We use these to help guide future event planning for other schools. Your opinion is valued!

IS YOUR EVENT IN HONOR OR MEMORY OF A CHILD?

If you are hosting a PJammin® for Kids with Cancer event in honor or memory of a child, ACCO would like to add an additional level of involvement to your event. For more information, please email or call me directly!
